

AMURDHAGIRIYESWARI E

Mobile: +91 9677668003 | amurdha2007@gmail.com | Puducherry, India

OBJECTIVE

An enthusiastic and detail-oriented Computer Science student with certified expertise in AI, Prompt Engineering, and professional workplace skills. Combines hands-on technical exposure with industry-recognized certifications and strong soft skills. Seeking to leverage a verified technical and communication skill set in an impactful internship or professional role.

EDUCATION

Women's Engineering College

B.E. / B.Tech – Information Science and Engineering | CGPA: 7.4

Pursuing

Puducherry, India

New Modern Vidhya Mandir Hr Sec School

Class XII – General Education (Science) | Aggregate: 391/600

March 2024

Puducherry, India

New Modern Vidhya Mandir Hr Sec School

Class X – SSLC | Aggregate: 388/500

May 2022

Puducherry, India

SKILLS SUMMARY

Languages: Python, Java,

AI & Tools: Prompt Engineering, ChatGPT, AI Tool Workflows, Generative AI Concepts

Productivity: Microsoft Office (Word, Excel, PowerPoint), Effective Email Writing

Core Concepts: oops, data structure, & Algorithms IT Foundational Skills, Accounting Fundamentals, Artificial Intelligence Overview

Platforms: vs code, github, google colab,

Soft Skills: Professional Communication, Presentation, Group Discussion, Interview Skills, Business Etiquette

PROJECTS

Weather Data Analysis

April 2026

[GitHub: github.com/Amurdhagiriyewari/weather-analysis](https://github.com/Amurdhagiriyewari/weather-analysis)

- Developed a comprehensive weather data analysis project using Python, Pandas, and visualization libraries to explore and interpret meteorological datasets.
- Built visualizations including temperature trends, rainfall distribution, and seasonal patterns to derive actionable insights from weather records.
- Implemented full GitHub workflow: initialized repository, structured project files, committed analysis notebooks, and published README documentation.

PROFESSIONAL CERTIFICATIONS

Prompt Engineering Certification: Master AI

January 2026

Udemy – Instructor: Alexandros Fatsis | 2.5 hours

- Completed focused AI prompt design coursework covering real-world use cases of large language models and structured prompt crafting techniques.
- Gained practical skills in improving output quality across various AI tools and platforms.
- Certificate No: UC-006ac00f-2846-4f83-8536-8a547ef51af5

TCS iON Career Edge – Young Professional

January 2026 – February 2026

Tata Consultancy Services (TCS iON) | Cert ID: 240640-29908466-1016

- Completed industrial readiness modules covering communication skills, presentation, soft skills, resume writing, business etiquette, accounting fundamentals, IT foundational skills, and AI overview.
